

Continuing Professional Development

*This is to certify that  
Susan Bagnall*

**GDC Number 10000**

has completed 1 hour of verifiable CPD

***The Use of Radiographs in Dentistry - Core Subject***

**Aim:** By reading this verifiable CPD article you will have an increased understanding of the different uses and justification of radiographs in clinical dentistry.

**Outcome:** On completion of this verifiable CPD article the participant will be able to demonstrate, through completion of a questionnaire, the ability to: identify the uses of different types of radiographs in clinical dentistry; identify the current UK legislation relating to radiography; and, list the contents of a radiation protection file.

Date: 31/07/2014

This activity meets the educational criteria required for verifiable Continuing Professional Development under the General Dental Council Lifelong Learning Scheme
